GDPR Candidate privacy notice (UK)

WHAT IS THE PURPOSE OF THIS DOCUMENT?

The National Space Centre is a “data controller”. This means that we are responsible for deciding how we hold and use personal information about you. You are being sent a copy of this privacy notice because you are applying for work with us (whether as an employee, worker or contractor). It makes you aware of how and why your personal data will be used, namely for the purposes of the recruitment exercise, and how long it will usually be retained for. It provides you with certain information that must be provided under the General Data Protection Regulation ((EU) 2016/679) (GDPR).

DATA PROTECTION PRINCIPLES

We will comply with data protection law and principles, which means that your data will be:

- Used lawfully, fairly and in a transparent way.
- Collected only for valid purposes that we have clearly explained to you and not used in any way that is incompatible with those purposes.
- Relevant to the purposes we have told you about and limited only to those purposes.
- Accurate and kept up to date.
- Kept only as long as necessary for the purposes we have told you about.
- Kept securely.

THE KIND OF INFORMATION WE HOLD ABOUT YOU

In connection with your application for work with us, we will collect, store, and use the following categories of personal information about you:

- The information you have provided on our application form, including name, title, address, telephone number, personal email address, date of birth, National Insurance number, qualifications, employment history, referees.
- Any information you provide to us during an interview.

We may also collect, store and use the following “special categories” of more sensitive personal information:

- Information about your health, including any medical condition, health and sickness records.
- Information about criminal convictions and offences.

HOW IS YOUR PERSONAL INFORMATION COLLECTED?

We collect personal information about candidates from the following sources:

- You, the candidate (directly or via online application software including BambooHR).
- Any information you provide to us during an interview.

- Your online presence.
- The information you have provided to us in your showreel and website (if applicable).
- Disclosure and Barring Service in respect of criminal convictions.
- Your named referees, from whom we collect the following categories of data: job role, dates of employment, reasons for leaving, your work performance, attendance record and your suitability to work with children.

HOW WE WILL USE INFORMATION ABOUT YOU

We will use the personal information we collect about you to:

- Assess your skills, qualifications, and suitability for the role.
- Carry out background and reference checks, where applicable.
- Communicate with you about the recruitment process.
- Keep records related to our hiring processes.
- Comply with legal or regulatory requirements.

It is in our legitimate interests to decide whether to appoint you to the role since it would be beneficial to our business to appoint someone to that role.

We also need to process your personal information to decide whether to enter into a contract of employment with you.

Having received your application form, we will then process that information to decide whether you meet the basic requirements to be shortlisted for the role. If you do, we will decide whether your application is strong enough to invite you for an interview. If we decide to call you for an interview, we will use the information you provide to us at the interview to decide whether to offer you the role. If we decide to offer you the role, we will then take up references and carry out a criminal record check before confirming your appointment.

If you fail to provide personal information

If you fail to provide information when requested, which is necessary for us to consider your application (such as evidence of qualifications or work history), we will not be able to process your application successfully. For example, if we require references for this role and you fail to provide us with relevant details, we will not be able to take your application further.

HOW WE USE PARTICULARLY SENSITIVE PERSONAL INFORMATION

We will use your particularly sensitive personal information in the following ways:

- We will use information about your disability status to consider whether we need to provide appropriate adjustments during the recruitment process, for example whether adjustments need to be made during an interview.
- We will use information about your race or national or ethnic origin, religious, philosophical or moral beliefs, or your sexual life or sexual orientation, to ensure meaningful equal opportunity monitoring and reporting.

INFORMATION ABOUT CRIMINAL CONVICTIONS

We envisage that we will process information about criminal convictions.

We will collect information about your criminal convictions history if we would like to offer you the role. We are entitled to carry out a criminal records check in order to satisfy ourselves that there is nothing in your criminal convictions history which makes you unsuitable for the role. In particular:

- The National Space Centre is an education charity, and young people are taught on-site. Therefore, we are entitled to ask you to seek an Enhanced check from the Disclosure and Barring Service.

We have in place an appropriate policy document and safeguards which we are required by law to maintain when processing such data.

AUTOMATED DECISION-MAKING

You will not be subject to decisions that will have a significant impact on you based solely on automated decision making.

DATA SHARING

Why might you share my personal information with third parties?

We will not share your personal information with any third parties for the purpose of processing your application.

DATA SECURITY

We have put in place appropriate security measures to prevent your personal information from being accidentally lost, used or accessed in an unauthorised way, altered or disclosed. In addition, we limit access to your personal information to those employees, agents and contractors who have a business need-to-know. They will only process your personal information on our instructions and they are subject to a duty of confidentiality.

We have put in place procedures to deal with any suspected data security breach and will notify you and any applicable regulator of a suspected breach where we are legally required to do so.

DATA RETENTION

How long will you use my information for?

We will retain your personal information for a period of 6 months after we have communicated to you our decision about whether to appoint you to the role. We retain your personal information for that period so that we can show, in the event of a legal claim, that we have not discriminated against candidates on prohibited grounds and that we have conducted the recruitment exercise in a fair and transparent way. After this period, we will securely destroy your personal information in accordance with applicable laws and regulations.

If we wish to retain your personal information on file, on the basis that a further opportunity may arise in future and we may wish to consider you for that, we will write to you separately, seeking your explicit consent to retain your personal information for a fixed period on that basis.
